

Join us on Remind 101

I am excited to share that we will be utilizing **Remind 101** this year. This texting program allows families to receive important reminders and updates about our classroom through text messaging. Your phone number is never shared with the group and messages are only sent from the teacher to the group. No special phone is needed - if you can receive texts, you can join!

It's *simple* to sign up...

One...
Grab your phone

Two...
Send a text to

Three...
With the message

If you have used Remind 101 in the past you will receive a confirmation message and you are all set!

If you have not used Remind 101 in the past you will receive a text message back asking for your name to subscribe. Please reply with your name. Then you will receive a confirmation message and you are all set!

Text messages sent from our class to you through Remind 101 will always come from the number (314) 696-5429. It may be helpful to add this number to your address book.

Replies cannot be sent through Remind 101. If you need to reply please email or call!

Thank you for joining us on Remind 101!
